Washburn University was established in February 1865 as Lincoln College by a charter issued by the State of Kansas and the General Association of Congregational Ministers and Churches of Kansas. A two-story brick building on the northeast corner of 10th and Jackson Streets was soon erected and the first classes began in January 1866. In 1868, the school was renamed Washburn College, in recognition of a \$25,000 donation by Ichabod Washburn, a church deacon and resident of Worcester, Mass.

The university was granted a permanent location in 1865 when Topekan Col. John Ritchie donated a 160-acre site, which at the time was a considerable distance southwest of the city. Construction on the first building began in 1872, with occupancy

taking place in 1874. For the next two decades, college President Peter MacVicar conducted an aggressive development campaign. His efforts resulted in the establishment of numerous Victorian limestone structures which characterized the campus for the next 90 years.

Expansion of the school was constant. The School of Law was organized in 1903, as was a School of Fine Arts and a medical school, which educated physicians until 1913. During the next three decades structures such as the Mulvane Art Museum, Benton Hall and Whiting Field House were added to the campus. In June 1966, a tornado struck Topeka and several historic buildings on campus were demolished. The Washburn community rallied and financial support from friends and alumni made possible the rebuilding of many school facilities during the coming years.

Today, university facilities offer more than one million square feet of modern academic and support space.

In 1941, the citizens of Topeka endorsed Washburn by voting to establish a municipal university, supported in part by the city and governed by a local board of regents.

In 1952, the Washburn Board of Regents officially changed the name of the school to Washburn University of Topeka. In 1999, the university's primary funding was moved from city property tax to county sales tax sources, with the school retaining status as a municipal subdivision of the state.

In addition to local financial support, Washburn has received state funds since 1961, which have been coordinated by the Kansas Board of Regents since 1991. Washburn is governed by its own nine member Board of Regents.

Washburn provides broadly-based liberal arts and professional education through more than 190 certificate, associate, baccalaureate, master's and juris doctor programs through the College of Arts and Sciences and the Schools of Law, Business, Nursing and Applied Studies. Ninety-seven percent of the faculty hold a doctorate or the highest degree available in their discipline.

## THE ICHABOD CLUB

WASHBURN ATHLETICS

The Ichabod Club is a booster club that works to promote Washburn University Athletics and provides financial support to its athletic programs.

Membership in the

Ichabod Club has played a major role in supporting the annual scholarship drive and making a difference in the lives of Washburn student-athletes for the past 20 years.

Washburn Athletics depends upon the annual contributions to the Ichabod Club Scholarship Fund to continue offering scholarship aid to our student-athletes.

The mission of the Ichabod Club is simply to provide the scholarship assistance to young men and women student-athletes (tuition, fees, books, room and board) unless the contribution is restricted to a specific sport or some other specific purpose. All gifts to the Ichabod Club are tax deductible to the full extent allowable by law.

Opportunities for alumni, friends, parents and boosters to become involved with the Ichabod Club program are available through pregame parties, golf tournaments, the Ichabod Club newsletter, monthly luncheons, the kick-off party and other special events.

For more information, call the Washburn Athletic Department at 785.231.1135.

### About the city of Topeka:

Topeka is the capital city of Kansas and supports most of the state agencies.

It is the home of national companies such as Frito-Lay, Goodyear, Payless Shoe Source, American Investors, Hill's Pet Nutrition and Josten's.

Topeka has more than 200 restaurants and 30 attractions, galleries and entertainment venues and more than 3,200 hotel rooms.

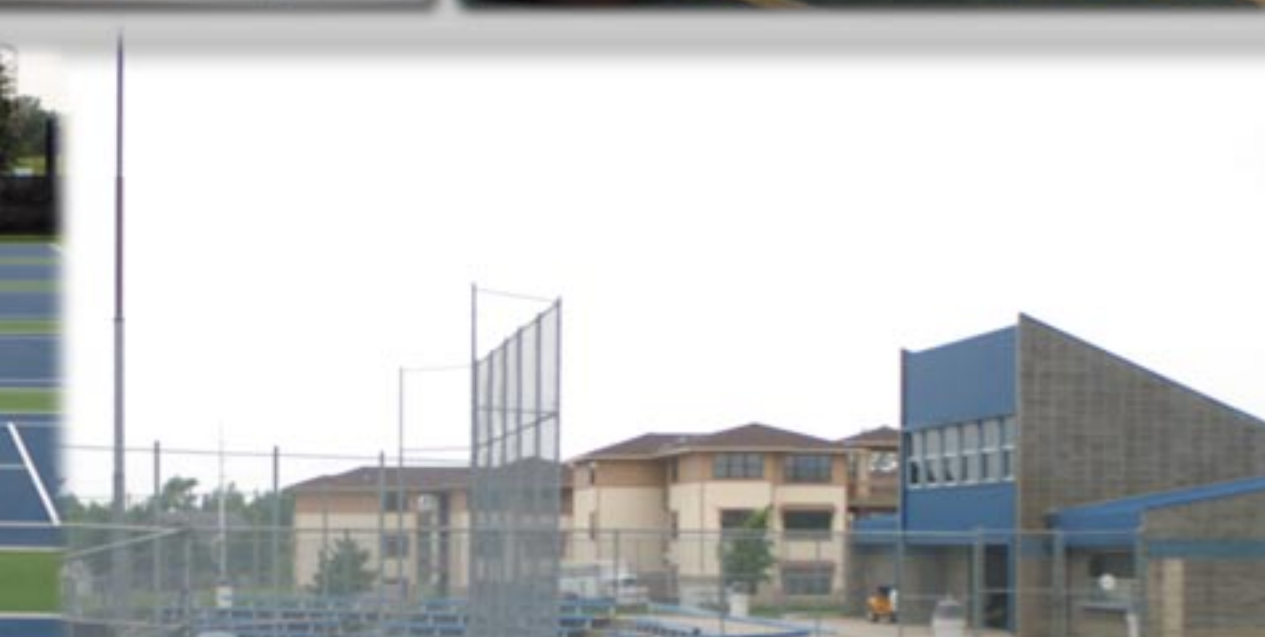

Heartland Park, Topeka (left) has been a world-class destination since 1989 and was the first major motorsports facility to be built in North America since 1968.

Washburn has some of the best facilities in NCAA Division II Sports. (Top row from left) Lee Arena holds 3,804 people and is the home to Ichabod and Lady Blues basketball. The Washburn Softball Complex has two fields with a new press box in between allowing game management for both fields. The Southwestern Bell Student Technology Center has 16 computers where student-athletes can do their homework. (Middle row) The Lady Blues volleyball team play their matches in Lee Arena. Yager Stadium is the home of Ichabod football and underwent a major facelift with the addition of Bianchino Pavilion before the 2003 season. The McPherson Booster room allows fans and alumni to watch games in Lee Arena from a second level vantage point. (Bottom row) The Lady Blues soccer field is in its second year of existence. The Washburn tennis complex played host to both the men's and women's NCAA North Central Regional in 2004. Falley Field has been the home of Ichabod baseball since 1990.

Construction started in May, 2003 on the Lady Blues soccer field southeast of the Washburn Softball Complex with the removing of several trees and then levelling of the ground. On July 14, 2003, workers came in to lay down the sod that would soon become the Lady Blues' soccer field. The field has portable seating for more than 300 and plenty of room for chairs and blankets on the east side of the field.

The Lady Blues won the first game played on the soccer field and their first game in school history in a 5-1 win over Ottawa University on Sept. 3, 2003. University President, Dr. Jerry Farley (right) had the ceremonial first kick to open the complex before the game.

On Sept. 10, 2004 the Lady Blues set the NCAA Division II all-time attendance mark against Missouri Southern when 1,848 people attended the game. The Lady Blues led Division II in attendance with 447 people per match and 4,020 for the season.

The Lady Blues have a home record of 7-10-2 in their two seasons at the Washburn Soccer Field.
