WASHBURN
Lady Blues Basketball

Washburn University was established in 1865 as Lincoln College by a charter issued by the state of Kansas and the General Association of Congregational Ministers and Churches of Kansas. In 1868, the school was renamed Washburn College, in recognition of a \$25,000 donation by Ichabod Washburn, a church deacon and resident of Worcester, Mass.

In 1966, a tornado struck Topeka and several historic buildings on campus were demolished. The Washburn community rallied and financial support from friends and alumni made possible the rebuilding of many school facilities during the coming years. Today, university facilities offer more than one million square feet of modern academic, activity and support space.

In 1941, the citizens of Topeka endorsed

Washburn by voting to establish a municipal university, supported in

part by the city and governed by a local board of regents. In 1999, the university's primary funding was moved from the city property tax to county sales tax sources, with

the school retaining status as a municipal subdivision of the state. In addition to local financial support, Washburn has received state funds since 1961, which have been coordinated by the Kansas Board of Regents since 1991. Washburn is governed by a nine-member Board of Regents.

Washburn provides broadly-based liberal arts and professional education through more than 190 certificate, associate, baccalaureate, master's and juris doctor programs through the College of Arts and Sciences and the Schools of Law, Business, Nursing and Applied Studies. Ninety percent of the faculty hold

a doctorate of the highest degree available in their discipline. Individual attention is a priority at Washburn, with a student to faculty ratio of 18 to 1.

Dr. Jerry Farley

University President

Dr. Jerry B. Farley is in his fourth year as the president of Washburn University after a long association with the University of Oklahoma in Norman.

Farley previously held the position of vice president for community relations and economic development at OU and vice-president for administrative affairs at the Norman and Health Sciences Center campuses.

Before that, he held the position of vice president for business and finance at Oklahoma State University and previously served as the associate vice president for administrative affairs and controller at the University of Oklahoma, Norman campus.

He earned his bachelor degree in accounting and finance and his masters and doctorate in higher education administration from OU.

He is a past president of the Southern Association of College and University Business Officers and is actively engaged in state and national associations of the College and University Business Officers.

Farley has been on the Board of Directors of the American Red Cross, the American Cancer Society, Oklahoma Teachers' Retirement System, the Norman Chamber of Commerce and the Norman Economic Development Coalition.

Loren Ferre' Athletics Director

Loren Ferre' became Washburn's director of athletics in February of 1996 after a six-year appointment at Black Hills State University in Spearfish, S.D. Ferre' is a dynamic leader who has implemented many internal changes within the athletic department since arriving on campus. He has put increasing scholarships and departmental fund-raising at the top of his list.

At Washburn, Ferre' has been instrumental in the establishment of a strong Ichabod Club support team and the raising of funds for athletic scholarships. In addition, he created a position for a full-time marketing and promotions director who helps bring in new private dollars for scholarships and more excitement at all Washburn athletic contests.

While at BHSU, Ferre' was also director of the Donald E. Young Sports Fitness Center, a 172,000 square foot, \$10.2 million facility. During his Black Hills tenure, the athletics department nearly tripled its outside revenue, including large increases in ticket sales and scholarship funding. All 10 varsity teams won a conference title in his final three years.

Before joining the staff at Black Hills State, Ferre' spent 17 years at the University of North Texas. He was the director of the Coliseum (1987-90) was the associate and assistant director since 1980. He held the post of event coordinator (1978-80).

Ferre' is a 1971 graduate of Texas Christian University, earning a bachelor of arts degree. He earned a master's in journalism from North Texas in 1982. He is currently completing course requirements for a doctorate of education in sports administration from the University of Northern Colorado.

Ferre' and his wife Sarah, have two daughters, Caitlin and Hope, and reside in Topeka.

THE ICHABOD CLUB

WASHBURN ATHLETICS

The Ichabod Club is a booster club that works to promote Washburn University Athletics and provides financial support to its athletic programs. Membership in the Ichabod Club has played a major role in supporting the annual scholarship drive and making a difference in the lives of Washburn student-athletes for the past 20 years.

Washburn Athletics depends upon the annual contributions to the Ichabod Club Scholarship Fund to continue offering scholarship aid to our student-athletes.

The mission of the Ichabod Club is simply to provide the scholarship assistance to young men and women student-athletes (tuition, fees, books, room and board) unless the contribution is restricted to a specific sport or some other specific purpose. All gifts to the Ichabod Club are tax deductible to the full extent allowable by law.

Opportunities for alumni, friends, parents and boosters to become involved with the Ichabod Club program are available through pregame parties, golf tournaments, the Ichabod Club newsletter, monthly luncheons, the kick-off party and other special events.

For more information, call the Washburn Athletic Department at 785.231.1135.

Jordan Canfield

He won four conference titles in his four years on the basketball hardwood from 1992-97.

Canfield's main responsibility will be to increase scholarship dollars for one of the best small college athletic programs in the country. He oversees the fund-raising efforts of the Ichabod Club, the Athletics Department booster club, and the Washburn Athletic Fund, a major giving campaign initiated by Canfield.

Canfield is a 1996 graduate of Washburn University with a BBA degree in finance. He went on to earn an additional degree in economics in 1997 and has begun work on his MBA. Ice received his bachelor's degree from St. Mary of the Plains College in Dodge City, Kan., in 1977 and earned his master's from the University of Kansas in 1980. Ice also served as a graduate assistant athletic trainer for the Jayhawks from 1977 to 1979.

Lee Arena has served as the home of Washburn basketball since the 1984-85 basketball season. The arena has a capacity of 4,000, twice that of Whiting Fieldhouse, which housed the home court before 1984.

The arena was built as part of the \$8.4 million Kelsey H. and Edna B. Petro Allied Health Center, the largest building on campus covering more than 126,000 square feet. Lee Arena is named after former Washburn baseball coach and player Bob Lee and his wife, Sallee, to recognize their \$250,000 donation.

Following the 2000-01 season, Lee Arena underwent its first construction work since it opened with the second level addition of new coaching offices, conference room, booster room and student-athlete computer room. The addition makes Lee Arena one of the best Division II complexes in the nation.

Lee Arena has provided an outstanding homecourt advantage for both the Ichabods and Lady Blues. Since the Lady Blues christened Lee Arena with an 89-65 victory over Friends on Nov. 20, 1984, the team has posted an overall home record of 199-50 (.799).

The recent success of the Washburn basketball teams

combined with an outstanding facility in Lee Arena has led the NCAA to select Washburn as a host site for postseason competition. The Lady Blues are 4-3 in NCAA postseason play at Lee Arena. On July 6, 1999, Lee Arena was fitted with a new basketball court design. The previous design was the original found on the court when Lee Arena opened for its first basketball game on Nov. 17, 1984.

The new court, which was designed by Sports Information Director Gene Cassell, features major changes, including a filled-in 3-point circle and an enlarged Washburn "W" in the center of the court.
