**Credits**

The 2006 Washburn University Tennis Media Guide was written and designed by Jeremy Wangler, assistant sports information director with design and editing contributions from Gene Cassell, sports information director.

Players' mug shots and action photos were also taken by Cassell. Campus photos were provided by Peggy Clark, Washburn University photographer.

Washburn University was established in February 1865 as Lincoln College by a charter issued by the State of Kansas and the General Association of Congregational Ministers and Churches of Kansas. A two-story brick building on the northeast corner of 10th and Jackson Streets was soon erected and the first classes began in January 1866. In 1868, the school was renamed Washburn College, in recognition of a \$25,000 donation by Ichabod Washburn, a church deacon and resident of Worcester, Mass.

The university was granted a permanent location in 1865 when Topekan Col. John Ritchie donated a 160-acre site, which at the time was a considerable distance southwest of the city. Construction on the first building began in 1872, with occupancy

taking place in 1874. For the next two decades, college President Peter MacVicar conducted an aggressive development campaign. His efforts resulted in the establishment of numerous Victorian limestone structures which characterized the campus for the next 90 years.

Expansion of the school was constant. The School of Law was organized in 1903, as was a School of Fine Arts and a medical school, which educated physicians until 1913. During the next three decades structures such as the Mulvane Art Museum, Benton Hall and Whiting Field House were added to the campus. In June 1966, a tornado struck Topeka and several historic buildings on campus were demolished. The Washburn community rallied and financial support from friends and alumni made possible the rebuilding of many school facilities during the coming

years. Today, university facilities offer more than one million square feet of modern academic and support space.

In 1941, the citizens of Topeka endorsed Washburn by voting to establish a municipal university, supported in part by the city and governed by a local board of regents.

In 1952, the Washburn Board of Regents officially changed the name of the school to Washburn University of Topeka. In 1999, the university's primary funding was moved from city property tax to county sales tax sources, with the school retaining status as a municipal subdivision of the state. In addition to local financial support, Washburn has received state funds since 1961, which have been coordinated by the Kansas Board of Regents since 1991. Washburn is governed by its own nine member Board of Regents.

Washburn provides broadly-based liberal arts and professional education through more than 190 certificate, associate, baccalaureate, master's and juris doctor programs through the College of Arts and Sciences and the Schools of Law, Business, Nursing and Applied Studies. Ninety-seven percent of the faculty hold a doctorate or the highest degree available in their discipline.

**Dr. Jerry B. Farley**  
University President

Jerry Farley became the 14th President of Washburn University in 1997 following an extensive career in finance and business affairs at several Oklahoma higher education institutions. Aside from a full schedule of Washburn responsibilities, Dr. Farley speaks and teaches around the United States on topics related to Higher Education Finance, Auditing, Management and Leadership. He is a C.P.A. and has been the president and chair of the board of several state and national professional organizations. He has

authored or co-authored numerous articles and books on finance and accounting.

Dr. Farley holds a degree in finance and accounting, an MBA, and a Ph.D. in Higher Education Administration - all from the University of Oklahoma.

Serving on local and state boards has always been a priority for Dr. Farley. He is past president of the Topeka Chamber of Commerce. He has served on the board of directors of Red Cross, American Cancer Society, Boy Scouts, United Way and economic development corporations including Go Topeka.

He is the recipient of awards for outstanding contributions in public service, accounting, and higher education.

## THE ICHABOD CLUB

WASHBURN ATHLETICS

The Ichabod Club is a booster club that works to promote Washburn University Athletics and provides financial support to its athletic programs.

Membership in the

Ichabod Club has played a major role in supporting the annual scholarship drive and making a difference in the lives of Washburn student-athletes for the past 20 years.

Washburn Athletics depends upon the annual contributions to the Ichabod Club Scholarship Fund to continue offering scholarship aid to our student-athletes.

The mission of the Ichabod Club is simply to provide the scholarship assistance to young men and women student-athletes (tuition, fees, books, room and board) unless the contribution is restricted to a specific sport or some other specific purpose. All gifts to the Ichabod Club are tax deductible to the full extent allowable by law.

Opportunities for alumni, friends, parents and boosters to become involved with the Ichabod Club program are available through pregame parties, golf tournaments, the Ichabod Club newsletter, monthly luncheons, the kick-off party and other special events.

For more information, call the Washburn Athletic Department at 785.231.1135.

## About the city of Topeka:

Topeka is the capital city of Kansas and supports most of the state agencies.

It is the home of national companies such as Frito-Lay, Goodyear, Payless Shoe Source, American Investors, Hill's Pet Nutrition and Josten's.

Topeka has more than 200 restaurants and 30 attractions, galleries and entertainment venues and more than 3,200 hotel rooms.

Heartland Park, Topeka (left) has been a world-class destination since 1989 and was the first major motorsports facility to be built in North America since 1968.

The Washburn Softball Complex has two fields with a new press box in between allowing game management for both fields. The Southwestern Bell Student Technology Center has 16 computers where student-athletes can do their homework. (Middle row) The Lady Blues volleyball team play their matches in Lee Arena. Yager Stadium is the home of Ichabod football and underwent a major facelift with the addition of Bianchino Pavilion before the 2003 season. The McPherson Booster room allows fans and alumni to watch games in Lee Arena from a second level vantage point. (Bottom row) The Lady Blues soccer field is in its second year of existence. The Washburn tennis complex played host to both the men's and women's NCAA North Central Regional in 2004. Falley Field has been the home of Ichabod baseball since 1990.

In 2004, Hastert was named women's MIAA and North Central Coach of the Year after she coached the team to its first-ever NCAA national tournament appearance.

The Ichabods also reached the NCAA national tournament that year, making Washburn one of only four schools to have both its men's and women's teams reach the Sweet 16.

Last year Hastert's women's squad reached the NCAA tournament and

hosted a regional pod. The Lady Blues swept North Dakota 5-0 before falling in the second round.

Hastert played at Washburn from 1991 to 1993 and 1995 to 1996 and had a stellar Washburn career, finishing with three All-America awards and four MIAA championships. In her three campaigns at Washburn, she finished 64-9 in singles and 59-11 in doubles.

Following her freshman season, Hastert was named an NCAA Division II All-America and the Volvo Midwest Tennis Rookie of the Year. Her sophomore season she finished in second at No. 1 singles and third at No. 1 doubles during the MIAA Championship Tournament and had second All-America distinction.

After transferring to Drake University her junior season, she returned to Washburn for her senior year during the 1995-96 season after sitting out a season. Hastert returned to win the MIAA No. 1 singles and No. 1 doubles championships.

During her playing career, she was ranked as high as No. 4 in the nation

in singles and No. 7 in doubles with partner Jill Bernhardt. Hastert's post-season awards included an NCAA Division II All-America honor and she was a two-time MIAA Player of the Week.

Prior to her coaching appointment, Hastert worked at Hallbrook Country Club in Leawood, Kan., as the associate junior development professional directing junior and adult clinics since 1998.

The Mid-America Intercollegiate Athletics Association, a 10-member conference of NCAA Division II institutions in Missouri and Kansas, was first organized in 1912 as the Missouri Intercollegiate Athletic Association.

Over the past 15 years, the league has undergone several changes, highlighted by expansion and increased participation in national championships.

The MIAA has gained the reputation of being one of the top NCAA Division II conferences in the nation. MIAA student-athletes have won 11 national championships and more than 100 individual national titles.

The MIAA currently conducts conference championships in eight men's and eight women's sports. Men's champions are crowned in football, cross country, basketball, indoor and outdoor track and field, baseball, tennis, and golf. Women's champions are determined in volleyball, cross country, soccer, basketball, indoor and outdoor track and field, softball and tennis.

Ralph McFillen was named to succeed Ken B. Jones as commissioner of the MIAA in January 1997, and took over in July of that year. He formerly served as commissioner of the Metro and Gulf South conferences. Matt Newbery, formerly an assistant sports information director at Pittsburg State University, joined the conference in July 1994 as director of sports information.
